State Agricultural College

We are sorry to learn that the Commissioners, who were appointed at the last session of the Legislative Assembly to locate an Agricultural College, failed to meet on the day fixed, and that consequently no steps can be taken to secure the establishment of such an institution until further action is had by the Legislature which will meet in 1864 It is greatly to be regretted that in Oregon every measure which concerns public education is treated with neglect Liberal provision has been made by Congress, for the endowment of schools, both common and of higher grades and yet legislative and popular action seems to indicate that the gift is not worth receiving or caring for.

The time is not distant when the people will sincerely acknowledge their error in this matter, and will insist on paying more practical attention to the greatly neglected duty and business of Popular Education

THE WANDERING JEW—The Eugene City *Review* announces that James O'Meara, "one of the ablest journalists on this coast," (!!!) will hereafter take charge of the editorial department of that paper How long this pleasant and popular arrangement will continue we are not informed, but we reckon not longer than the publisher's purse.

NEW PAPER AT SALEM.—Our up-river exchanges report that the *Argus* and *Eugene Republican* are about to be united, and that the result of the connection will hereafter be issued at Salem If this rumor proves true, we shall expect to see a sharp and spunky paper, and by and by, an active canvass for the privileges that enrich the State printer.

NOT YET CAUGHT.—Notwithstanding the vigilant search and enquiry of our detective officers, as also the extraordinary amount of suspicious guessing and wise suggestions heard among the many idlers upon our streets relative to the guilty parties, the robbers who perpetrated their bold deed upon the premises of Doctor Davenport, last Saturday night, have not yet been discovered, unless it be that the two individuals who have been under arrest since Sunday morning, are a portion of them. The robbery has, however, had some beneficial results already, one of which we hope may continue to grow until a permanent blessing is secured, i e, a regular, efficient and faithful watch We are not disposed to repeat the words of "our cotemporary," and say "we told them (the City Council) that the cow would eat up the grind stone," still we are not surprised that such a bold robbery has occurred, and were satisfied that it must occur before they (the Council) would wake up to the danger to which our citizens have long been exposed We have no word of complaint, nor never had except in one or two instances, against the present watch employed upon our streets, simply because we considered it none of our business whether they did their duty or not, as they are private watchmen, employed and paid by private contribution, and if those who employ and pay them are satisfied with their services, we certainly ought to be, but we have repeatedly urged the necessity of some provision being made by the City Council for a public or municipal police force, sufficient to guard against such bold attacks upon unsuspecting victims as the one perpetrated on Saturday night, and preserve the peace and dignity of our city generally. We hope something of this kind will now be attended to

In this connection we desire to add, for the benefit of Mr George Townsend, one of the private watchmen whose principal beat is upon Washington street, that he was the first person who came to the Doctor's assistance on that night, and not the watchman belonging to the lower ward, as published yesterday morning.

The *Call* says that California has furnished about two hundred printer soldiers since the breaking out of the rebellion It is known that they are uncommonly sound on the fighting question. The army is said to be filled with them—many papers East have suspended publication for want of printers to get the paper out From the Philadelphia Typographical Union, 69 members have gone to the wars, from the New York Union, 71, from the Rochester Union, 77, from the Chicago Union, 57, from the Detroit Union, 22; and a large number from all the cities in the Union

The last words of the veteran soldier, Gen Sumner, while dying at Syracuse, New York, were "God save my country, the United States of America"

We see it stated that gold has gone up to six hundred per cent at Richmond That means that Confederate promises to pay are worth fourteen cents and a fraction to the dollar.

There is but the difference of one letter between the beginning and ending of all mankind—womb and tomb

SPEECH OF GEN WRIGHT—The Union men of Sacramento had an immense meeting last week for the purpose of forming a Union League, at which eloquent patriotic speeches were made by eminent citizens of different politics but the same loyalty We have only room this morning for that which follows

Brigadier General Wright Commander of the Pacific Department, came upon the stand amidst enthusiastic cheers and being introduced to the audience he said

Mr Chairman ladies and gentlemen I have not the vanity to suppose that any remarks I can make would be of interest to this intelligent assembly after having listened to the distinguished orators who have preceded me I however hold it to be the duty of every man whether he be soldier or statesman or civilian, in this great emergency, to be ever ready to express his sentiments when called before the public The object of this meeting is to form a Union League in this State I fully indorse the sentiments which have been expressed by the speakers who have preceded me and I shall be most happy and intend to enroll myself as one of the privates in that glorious league [Applause] Two years and a half ago, my friends, this rebellion was inaugurated The gallant old ship U S was manned by a noble crew on the night was dark, the winds howled and the billows rolled and she was fast drifting on the breakers to the shore Her chief at the helm and her principal officers were imbeciles or traitors [Applause] But she had on board a sturdy crew of patriotic Union loving men who, throwing overboard the traitors gathered around the mainmast raised the flag of our Union aloft and nailed it to the mast, and kneeling on the deck swore to obey the dying injunction of that gallant hero who, bathed in blood and stretched on the deck of the ship which he had so bravely defended uttered as his last command the immortal words 'Don't give up the ship' I have often tried to imagine to myself what must be the sensations of some of my old comrades in arms now when they find themselves arrayed against that glorious old flag—men by the side of whom I have fought on many a battle field—who, side by side with us have carried that flag in triumph to many a bloody victory And now when they approach that flag in hostile array I envy not their sensation whatever they may be [Applause] As star after star has been added to the galaxy which adorns that beautiful banner our love for it has waxed stronger and stronger May it ever wave in triumph

'Oh flag of our Union so fair and so bright
We love thee with all a fond mother's delight
Oh flag of our country in weal or in woe
In death's latest struggle we'll hurl back thy foe'

[Applause]

The Public School

EDITOR OREGONIAN

I beg to ask if something cannot be done to save the utter sacrifice of our public school privileges Under the present management, the money expended is wholly wasted,—parents who can afford to do so are sending their children to private institutions, while those like myself, who are unable to bear the expense of doing so, are obliged to see them suffer from neglect, disorder and utter unfitness. I cannot undertake to say who is deserving of blame, whether directors, superintendent, or teacher, but it is certain that the machine is 'running down,' and that it is time for some one who has power in the matter to interfere at once, and try to preserve the privileges which belong to our children from waste and ruin If this is not done, the school had better be closed, and the money saved till it can be expended more wisely than seems to be the case at present

A PARENT,

The New York *Commercial Advertiser* says an exciting and somewhat amusing scene took place a few mornings ago, on board an Erie railway car, A member of the New Jersey Assembly, hailing from the upper part of Bergen county, was giving free vent to his anti Administration ideas among the passengers Not content with taking opposition party ground, he produced a resolution which he stated his purpose to offer, calling upon the Governor to insist upon the President withdrawing his proclamation, on peril of New Jersey summoning home her troops and seceding from the Union This was too much for the passengers, who began to manifest symptoms of dislike One of them spoke out loud enough to be heard over the car "I have as much interest in the State as you, sir, and New Jersey shall not commit herself to such doctrines without knowing why You are a traitor and a villain, sir, and deserve to be hanged!" The passengers for the most part broke out with a storm of applause and the piece of assembled wisdom pitched his voice at a much lower key for the rest of the journey

HARD TO PLEASE—Those organs of the copperheads, the Marysville *Express*, and California *Republican* are extremely hard to please They pretend to be extremely loyal but are decidedly opposed to punishing convicted traitors They do not think that men who hurrah for Jeff Davis and raise the rebel flag in this State should be punished they do not think any one should be taken of men who plot and work for their country's ruin, they do not like Gen Wright's words of mild caution and sound wisdom which are nothing more nor less than an earnest appeal for peace Hence we conclude that those papers are in favor of stirring up war here, that they are in favor of doing all possible to aid the rebellion, and that their objection to laws for punishing traitors arises from a knowledge of their own treasonable purposes The tenor of the arguments of the papers alluded to is, that all traitors which is a foul libel on a large portion of the most loyal citizens of this State They cry out against laws to punish traitors, saying that such a law bears heavy on Democrats!—*S F Herald*

WOMEN AND MATCH MAKING—Aint it curious, squire, weddin is never out of women's heads? They never think of nothin else—A young girl is always thinkin' of her own As soon as she is married she is a match makin for her companions and when she is a grain older, her darter's weddin is uppermost agin Oh it takes a great study to know a woman How cunnin' they are! Ask a young gal the news she'll tell you of all the deaths in the place to make you think that she don't trouble herself about marriage As an old woman, she'll tell you of all the marriages to make you think she is taking an interest in the world that she aint They certainly do beat all, do women—*Sam Slick*

OLD WHIG MEASURES—A Washington correspondent of the New York *Times* thus sums up the doings of the late Congress 1 A banking system compared with which the old United States Bank was indeed an old idea" 2 A tariff in comparison with which Henry Clay's would be considered Free Trade 3 An increase of the regular army of which the most infatuated admirer of the West Point system would never have dreamed 4 A centralization and consolidation of federal power, such as Alexander Hamilton might have eulogised as magnificent 5 That freedom for which "the old man eloquent" pleaded so warmly Surely the world moves

Patriotic Speeches at a Meeting of the Washington Union League.

There was quite a large gathering at the hall of the Union League last evening Ex Governor Bebb presided and made an introductory speech which was received by the audience with much applause The Governor's words were eminently inspiring and patriotic, and the audience were evidently much pleased with the speech At the close of his speech, Gen Jas H Lane was called for, and came forward and spoke as follows

Mr President and gentlemen I am not here to make a speech but to congratulate you upon your efforts to purify this part of our common country Almost two years ago I stated in a public speech that the work of purification should begin at Washington City and stated further that if I was in command in that city I would drive every rebel sympathizer, be such a man or woman out of the place or I would people the infernal regions [Applause] It is a disgrace to the country, and I have taken great pleasure in saying so to the authorities here that a sympathizer with treason either male or female should be permitted to rest his or her foot upon the soil of the District of Columbia [Loud applause] How it is expected that sympathizers with treason are to be kept from the limbs and other portions of the body when they are in the heart is to me most singular Here is where the work of purification should begin and here purification should be carried to its extremest points with sword and fire Why gentlemen every day poor loyal men who have perhaps been driven from their homes are whispering complaints in my ears that sympathizers with treason are not only permitted to remain in the District of Columbia but are actually holding the offices [That's so] It is enough gentlemen, to make a patriot shed tears of blood, and I have often prayed to Almighty God to grant me power to cleanse this city of Washington The limbs are purifying themselves I live in one of the most distant, one of the youngest, and I think I can say one of the purest States of all There a copperhead is ordered to leave the State, and if he don't he is shot down [That's the way! and applause] The Governor of our young State is here to-night He brings me word that last Saturday I think it was, a copperhead was ordered to leave the city of Leavenworth and that, not obeying the order promptly, before night was closed he was found with two bullet holes through his body [Good! and applause] That is the way that the limbs, far removed from the heart, deal with traitors But here we are compelled to listen—no not I, for I have never heard it—but I am told that high toned Union loving men are compelled to hear secession talk every day [That's so] Not me however, for I trust before the time comes when I will be so weak as not to be able to resent an insult of that sort, that God will take me home When I hear secession sentiments uttered, if it is possible, I will endeavor to resent the insult to my country on the spot This monster of secession is showing itself in various ways at the present time The most common way it is exhibited in the District of Columbia, so I understand, is by such expressions as 'We are in favor of the country provided we can save it and at the same time preserve the institution of slavery' ['That's so!'] Another is by such sentiments as, 'We are for the country, provided we can save it without using the negroes' It won't do to use the negroes Oh! no Well, for himself he would prefer to send a negro to stop the bullet of a rebel to sending his own son It had been said the negroes wouldn't fight This was a mistaken idea What was it that rendered one man more courageous than another? It was simply the degree to which a man's nerves were hardened by exposure to danger. The man who is in constant danger soon becomes careless of danger, because his nerves are hardened with that exposure Then a negro being exposed to danger from the cradle to the tomb, it was natural to expect that he would not fear it, and would, therefore, make the more courageous soldier A negro regiment, you may rely upon it never would be stampeded [Loud applause] In August last I organized a regiment of blacks, and to-day it is the best drilled regiment in the service of the world [Loud applause] Is there any incentive that the white man has that the negro has not now? Aye none Freedom is now promised him [Vociferous applause] Freedom for himself, and freedom for his family Gentlemen, I have heretofore and do still advocate the separation of the white and colored races I do not propose to drive the negroes out of this country, but I propose to settle them in some portion of the United States, where they may have their own government and their own laws [A voice—'South Carolina' Other voices—'That's the doctrine,' 'That's the place,' etc] That man said it right, my friends I would like to live long enough to see every white man in South Carolina now in hell, and the negroes inhabiting their territory [Loud applause] You may say all this is wicked, ['Not at all!'] but to me there is no place on earth that should be desecrated by a traitor [Applause] There is an animal in this country that I despise much more than the traitor in arms [The copperhead?] No, I mean the cowardly skunk, the dirty, miserable puppy who will remain in the loyal States, receiving protection from them and yet striking at the heart of the country [Loud applause] I bid you Godspeed in clearing out the sympathizers of treason in the District of Columbia [Applause] It would not wound my feelings any day to find the dead bodies of rebel sympathizers pierced with bullet holes in every street and alley of Washington [Applause] Yes, I would regret this, for I would not like to witness all this waste of powder and lead I would rather have them hung and the ropes saved Let them dangle until their stinking bodies rot and fall to the ground piece by piece [Laughter and applause

A Steam Engine.—We examined, yesterday afternoon, a very neat and useful small "pocket" steam engine, recently constructed and set up in the Dental Rooms of Dr H H Black, on Alder street, and were really surprised and much pleased with the ingenious yet simple mechanism displayed in its construction and adaptability to the uses intended The engine is made of brass neatly mounted with silver, and occupies about as much space as a common sized sewing machine, and its neatness makes it fully as much of an ornament. The boiler and steam pipe arrangement resembles a good sized coal stove, and answers the double purpose of heating the room and furnishing sufficient steam to run the machine, requiring no more fuel than is ordinarily necessary for comfort The engine is used to drive a combination of turning lathes, a kind of work much required in the [illegible]tion of the Doctor's profession, and operates with perfect regularity steadiness and precision, having power equal to three men, yet controlable by the touch of a finger In fact, the Doctor can do almost anything with it, even to the pulling of a tooth if necessary but its principal use is in grinding down and polishing the beautiful specimens of dentistry so frequently exhibited by the Doctor There are also several other useful and labor-saving things and contrivances within these dental rooms, all of which add much credit to the inventive talent of the Doctor, and fully confirms the assumption that he has no superior, if indeed an equal, on the Pacific Coast, in the practice of dentistry.

Dr. Black leaves, this morning, on a professional visit to Dalles city, and we take pleasure in recommending him to those who may require anything done in his line, as a most skillful and perfect Dentist, which a three years' successful practice in this city fully corroborates. He leaves a competent Dentist to take charge of his office during his [illegible].

Warm.—"Our cotemporary" of yesterday, insinuates a grave charge against us, relative to a certain special telegraphic dispatch intended for that concern "*inclusively*" (?!?) We admit the fact that there was a three liner given to the copyist of that concern, which purported to be "special," and we further say that after he had received the dispatch, he was *kind* enough to offer it to us to copy, which we declined to do just at the time, preferring to trust to memory when we returned to our office; but we hardly expected that this copyist had acquired the too frequent habit of his employer and wilfully tell a lie, when the truth would have done him no harm, however, this is but another instance of the truth of the old proverb "evil communications corrupt good manners" "Our cotemporary" [illegible] undertake to frighten us so, but since he has commenced quoting *law* at us, we will commence quoting *gospel* at him, and for his first [illegible], we would recommend the "tenth commandment," which he should thoroughly study and carefully adhere to in the future.

Recorder's Court.—Business still brisk before Recorder McCoy. There were five cases up for disposal yesterday I. A Aus[illegible] paid into the city treasury five dollars and costs as a fine for driving at a two forty rate [illegible] the streets.

[illegible] Kramer, being on a bit of a spree, was very disorderly generally, and was fined five dollars and costs, which Barney paid in [illegible] to going to jail.

Jeremiah Bell was also brought up for bad conduct, getting drunk and ripping [illegible] generally, so much so that his Honor [illegible] him for ten dollars and costs. Not having the necessary paper about his person, he was furnished with a suite of rooms in the city jail for the term of five days.

George Taylor, being better provided with currency, handed over ten dollars and costs for being disorderly on general principles—drunk, &c.

A man named Neal was arraigned for tapping the till in the Identical Saloon. Trial this morning at nine o'clock.

Theatrical.—Those of our citizens who desire to witness the fine acting of an accomplished actress will not fail to attend the Willamette theatre to-night, on the occasion of the first appearance of Miss Edith Mitchell, who will make her bow to a Portland audience in the character of Evadne, in "Evadne, or the Hall of Statues." She will be supported by Mr. and Mrs Waldron and the entire company. It will no doubt be a splendid performance.

Postponed.—The examination before the Recorder, of Partington and Fields, who were arrested on Sunday, on suspicion of being concerned in the robbery of Dr Davenport was postponed yesterday till Wednesday morning. One thousand dollars bail was required of each, in default of which they were committed to jail.

Telegraph.—We received no telegraphic dispatches, last night, from Salem, up to the hour of closing the telegraph office in this city. We shall probably receive them this afternoon.

Errata.—There is a difference in the terms "[illegible]dion" and "partition," vide the account of the robbery in yesterday's paper

Collection of Debts at Norfolk.—The N. Y. *Tribune's* correspondent at Norfolk (Va.) writing on the 9th of March, said "The Court of Inquiry, established by order of the Military Governor, has, since its organization collected some $200,000 for Northern creditors. The decisions of the Court are giving very general satisfaction to all persons having [illegible] before it Citizens without regard to Union or secession proclivities, avail themselves of the privileges of the Court to arrange their differences, and no cause for complaint has yet been given by the presiding officer, an eminent legal gentleman from Wisconsin, in military commission here."

Negro Soldiers Growing in Favor.—The New York *Post* has the following An officer now at Hilton Head with his regiment writes, in a private letter from which we make the following extract, some very interesting particulars respecting the negro soldiers, which indicate a change of feeling among our volunteers in the South

The black soldiers are becoming quite popular here. Gen Saxton had a hundred applications in one week for positions in the black regiments, and I would go with them myself if I could make a suitable arrangement The Maine regiments go in for them generally, as do all other sensible men Old soldiers do not object to the negroes fighting for them or with them, but some of the new ones, who have never smelt powder or heard the whizzing of a shell, do object, and think they would prefer to do all the fighting themselves But on the whole, the negroes are becoming popular very fast, and it is thought by experienced men, of good judgment, that the 1st Regiment of South Carolina Negro Volunteers is the most effective one in the Tenth Army Corps, and I have seen no cause to doubt it They are soldiers by nature, they are fond of music, and it would do you good to see them march, they keep such good time They have given a good account of themselves in several reconnoissances in which they have been engaged Our regiment is greatly reduced in numbers only about 300 men being fit for duty My own company has but one quarter of the effective men it contained a year and a half ago It is idle to talk to me against the employment of negroes as soldiers, when I look at the state of the regiments here It is a needless waste of life to send Northern troops here to die, when soldiers can be had here who are already acclimatized and ready to fight.

Women and Children.—I have seen scores and scores of women leave school, leave their piano, and drawing, and fancy work, and all manner of pretty and pleasant things, and marry and bury themselves You hear of them about six times in ten years, and there is a baby each time They crawl out of the farther end of the ten years sallow and lank—teeth gone, hair gone, roses gone, plumpness gone, freshness, and vivacity and sparkle, everything that is dewy, and springing, and spontaneous, gone, gone, gone for ever. This our Tract Society books puts very prettily: "She wraps herself in the robes of infantile simplicity, and burying her womanly nature in the tomb of childhood, patiently awaits the sure coming resurrection in the form of a noble, high minded, world stirring son, or a virtuous, lovely daughter The nursery is the mother's chrysalis Let her abide for a little season and she shall emerge triumphantly, with ethereal wings and a happy flight." But the nursery has no business to be the mother's chrysalis God never intended her to wind herself up into a cocoon If He had, He would have made her a caterpillar. She has no right to bury her womanly nature in the tomb of childhood It will surely be required at her hands It was given her to sun itself in the broad bright day, to root itself fast and firm in the earth, to spread itself wide to the sky, that her children in their infancy and youth and maturity, that her husband in his weakness, that her kinsfolk and neighbors and the poor of the land, the halt and the blind and all Christ's little ones, may sit under its shadow with great delight. No woman has a right to sacrifice her own soul to problematical, high minded, world-stirring sons, and virtuous lovely, daughters —"*A Spasm of Sense*" *in the Atlantic Monthly*

A Rebel Opinion of the New York Democrats.—We are not at all surprised at the facility with which the Northern Democrats have vaulted from the position of quasi opposition to the war to a fervent support of Abraham Lincoln and his stars and stripes. We expressed an opinion at the time that not the slightest confidence could be placed in anything they should say or do. John Van Buren, in particular, is begotten by the most unprincipled politician that New York ever saw (with the single exception of Wm H Seward,) and he could not be the legitimate son of Martin unless he was entirely unreliable in every word and action It is a matter of little importance, however, what they may say or do. They cannot be more united than they were at the beginning of the war, more furious and intent on destruction. We fear their armies less than their arts. They have been slaughtered like sheep wherever they have invaded Virginia, and we verily believe a like fate awaits them in the future They may howl themselves hoarse about the stars and stripes (meaning thereby cotton, rice and tobacco), we will accommodate them by Southern plantations six feet by three as fast as they come on There is no use in putting on masks any longer They deceive no one they only add the guilt of hypocrisy to their other innumerable crimes

We are prepared to see New York make another gigantic struggle for the preservation of the commercial supremacy. Perhaps she is beginning to see that if the rebellion, as her low born rowdies term it, is successful, the West will secede, and then what will become of the Babylon of America? Heaven grant that her worst apprehensions may be realized.

A Tennessee Democrat's Opinion.—A Tennessee lawyer a refugee from rebel tyranny, who found shelter in a neighboring village at the outbreak of the war, was asked the other day why he did not return to Nashville, now that the Federal army is in occupation and life and property once more secure His answer was in these words "I shall never go back to Nashville till Tennessee is a free State! I have always been a Democrat and I have been a slaveholder, but old as I am, I believe that I shall yet go home to a State where slavery will no longer exist" The speaker was a man of sixty, whom the rebellion has converted into an anti slavery man.

The republicans of Hartford, Conn, nominated Col Henry C Deming a war democrat for Congress from the First District In accepting the nomination he said

We the rebels themselves took slavery from beneath the wings of constitutional compromise, and immediately placed it outside of the Constitution they absolved me from being any longer its apologist or defender They have themselves destroyed their cherished institution by their own act, and I have no tears to shed over its grave

Important to Catholics.—A decree, which was previously ratified by his holiness the Pope, has just been promulgated in this State It provides excommunication for all Catholics who get married by a Protestant minister and invests the power of pronouncing the anathemas in the Bishop The decree, however, has been understood not to apply to former marriages but its character is such that thousands united differently will get married over again in the Roman Catholic Church —*N Y Sun, March 23d*

"I'm sorry, Mr Wilson, to see this splendid field of potatoes so seriously diseased," said a sympathising inspector "Ah! well, it's a great pity" replied the farmer, "but there's a comfort—Jack Tomson's not a bit better!"

Rx AYER'S Cathartic Pills,

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues,

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

Pittsburg, Pa., May 1, 1856.

Dr. J C Ayer Sir I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills It seems to arise from a foul stomach which they cleanse at once If they will cure others as they do me, the fact is worth knowing Yours with great respect,

ED W PREBLE *Clerk of* [illegible]

Bilious Disorders and Liver C[illegible]

Department of the Interior Washington, D C, [illegible]

Sir I have used your Pills in my general and hospital practice ever since you made them and cannot hesitate to say they are the best cathartic we employ Their regulating action on the liver is quick and decided consequently they are an admirable remedy for derangements of that organ Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them Fraternally yours,

ALONZO BALL, M D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

Post Office Hartland, Liv Co., Mich., Nov. 15, 1855.

Dr. Ayer Your Pills are the perfection of medicine They have done my wife more good than I can tell you. She had been sick and pining away for months Went off to be doctored at great expense but got no better She then commenced taking your Pills which soon cured her, by expelling large quantities of worms (dead) from her body They afterwards cured her and our two children of bloody dysentery One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills and lost much time without being cured entirely even then Such a medicine as yours which is actually good and honest, will be prized here. GEO J GRIFFIN, P[illegible]

Indigestion and Impurity of the Blood.

From Rev J V Himes Pastor of Advent Church, Boston.

Dr Ayer I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends Yours, J. V. HIMES.

Warsaw, Wyoming Co., N. Y., Oct. 24, 1855.

Dear Sir I am using your Cathartic Pills in my practice and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G MEACHAM, M D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

Dr Ayer Your Pills are the paragon of all that is great in medicine They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev Dr Hawkes of the Methodist Epis. Church.

Pulaski House, Savannah Ga., Jan. 6, 1856.

Honored Sir I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr [illegible] I tried your Pills Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec. 1855.

Dr. Ayer I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT [illegible]

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even **Deafness, and Partial Blindness,** have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues Throughout every town and almost every hamlet of the American States its wonderful cures of pulmonary complaints have made it already known Nay, few are the families in any civilized country on this continent without some personal experience of its effects, and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
